The Credentialing Advantage: Key Data Every Healthcare Leader Should Know

Breaking Down the Numbers Behind Smarter Credentialing

Credentialing delays and inaccuracies can stall revenue, drain resources, and increase risk.

The right outsourced solution turns a traditionally slow, error-prone process into a streamlined, compliant, and scalable operation. Here's how outsourcing makes a measurable difference across your organization.

Cost & Time Savings

Cost Savings

Outsourcing credentialing can reduce operational costs by 20% to 80%, depending on the size and complexity of the organization.

Faster Turnaround

Credentialing timelines typically decrease by 25% to 50% when outsourcing.

Performance & Compliance

Accuracy & Compliance

Credentialing services maintain accuracy rates above 95%, resulting in fewer denied claims and more consistent revenue flow.

Risk Reduction

Outsourcing helps mitigate compliance risks by ensuring up-to-date knowledge of regulatory requirements and ongoing monitoring of provider credentials.

Operational Impact

Administrative Efficiency

Outsourcing frees up internal staff to focus on patient care and core operations, minimizing the need for additional administrative hires and overhead costs.

Scalability

Outsourced solutions can easily scale with provider volume, supporting organizational growth without the need for new hires or infrastructure investments.

Real-World Impact

Knack RCM's Impact in Action: How **Knack RCM turned a behavioral health practice's financial setback into a Gross Revenue Surge**

A leading behavioral health practice faced considerable revenue losses due to reliance on county billing. Lacking the resources and expertise to manage payor enrollment in-house, they partnered with Knack RCM. Through a strategic approach, Knack facilitated successful enrollment with all targeted payors, increasing revenue and positioning the practice for sustainable growth and long-term stability.

By entrusting the payor enrollment process to Knack RCM, the behavioral health practice successfully enrolled with all targeted governmental and commercial payors. The financial impact was immediate and transformative.

The result: 50% Increase in gross revenue
